Industrial Pallet Corp.

To Whom It May Concern:

Industrial Pallet Corp. in Greencastle, PA is a subsidiary of American Fibertech Corporation (AFC). Our primary purpose is the manufacturing and shipping of pallets for industry.

This location has been making use of Computer Technical Services for our computer repair and services for at least the past 2 years. Because we are a manufacturing facility, the down to business approach of CTS has been very useful to us. Our operations are very basic as systems are used for payroll, statistics, and communications with our corporate office. The prompt and effective service received from CTS is why we would continue to do business with them in the future.

Mario Trinidad
Office Manager
Industrial Pallet Corp.
